

Laura L. Hodson, MSPH, CIH

Laura Hodson holds a Bachelor's degree in chemistry and environmental studies from Wright State University in Dayton, OH, and a Masters of Science in Public Health degree from UNC-Chapel Hill. She has been a Board Certified Industrial Hygienist since 1994. Her work experience includes being the director of an AIHA Accredited laboratory; manager of laboratory safety for a major research institute; consulting Industrial Hygienist for a diverse group of clients; and risk manager for a multi-state health care company. Ms. Hodson is currently working as assistant to the Coordinator of NIOSH's nanotechnology research center. She is also a member of the NIOSH nanotechnology field research team which conducts site visits to nanomaterial producing and using facilities to gain a better understanding of the processes, tasks, possible exposures, and controls that are being used.
